3. When the Rules and Regulations of the District provide that the District will read the water meters, service bill for water used shall be rendered by the District on or before the 5th day of the month following the month in which the water is used, and the undersigned agrees to pay said service bill on or before the 16th day of the month in which the bill is rendered, or be subject to a late charge of 10%. Applicants desiring water service to multiple users may do so only upon the terms and conditions as specified by the District. Violation of this or other provisions as set forth by the Water District shall be grounds for immediate discontinuance of water service.
5. If, after water service is made available, the same is discontinued for any purpose, pursuant to the By-Laws and the Rules and Regulations of the District, reconnection shall be upon the conditions set out in the By-Laws and the Rules and Regulations of the District, including payment of any fees as assessed by the District for such service.

Representatives of the District may, at any reasonable time, come on the premises where the water is being used for the purpose of making inspection to enforce this provision. Violation of this or other provisions set forth by the District shall be grounds for disconnection of service. The District has adopted a Water Conservation Policy. The applicant agrees to comply with such policy, as it may be amended, and further agrees that failure to comply with that policy may be cause for discontinuance of service.
7. The laws of the State of Kansas, the policies, By-Laws and the Rules and Regulations of the District, as presently existing, and as may be amended from time to time, are made a part of this agreement as though fully set out herein.
